

But another relationship soon begins to develop in Jerusha’s life. Jervis Pendleton is the well-to-do, “youngish” uncle of one of Jerusha’s roommates, who introduces her to a world of literature, travel and adventure. Through her correspondence with Daddy Long Legs and her growing intimacy with Jervis, Jerusha’s letters chronicle her emergence as a delightfully independent “New American Woman.” Yet, there is one startling fact that Jerusha has yet to uncover - a fact that will change her life forever.

Daddy Long Legs  
Streaming at Driftwood

There’s no doubt that COVID has changed the way we watch live theatre. But we are hoping to get back to in person viewing by September. In the meantime, we have mounted another live stream performance in *Daddy Long Legs*, directed by Brad Duffy and starring Chaela Watkins and Carlos Cruz.

Jerusha Abbott is the “Oldest Orphan in the John Grier Home” until a mysterious benefactor decides to send her to college to be educated as a writer.

Required to write him a letter once a month, she is never to know the benefactor’s identity - so she invents one for him: Daddy Long Legs. Although she knows that he will never respond to her letters, she grows more and more fond of this elusive and kindly “old” gentleman.

Daddy Long Legs

MAY 14, 15, 21, 22 @ 7:30 PM  
MAY 16, 23 @ 1:30 PM

A patron can access the stream by using the following steps:

- Purchase a stream ticket on ShowTix4U and download the tickets at the end of the purchase process.

An email is also sent with a link to the stream. BE SURE TO CHECK YOUR SPAM FOLDER IF NO EMAIL CAN BE LOCATED.

- In the email that is sent, you can also download your tickets/access code. Starting on PAGE 2 of the ticket packet, you will find your stream instructions as well as ACCESS CODE.

The instructions read as follows:

You can access the Live Stream/Video using any of these options:

- 1) Point your mobile camera at the QR code on the ticket and click on the notifications that appear.
- 2) Open this PDF in a PDF application and click the word “HERE”.
- 3) Go to [www.ShowTix4U.com/stream](http://www.ShowTix4U.com/stream) and enter your access code.

- For a Live Stream or Scheduled Content event (events with specific date and time), you can use your access code up to 1 hour prior to the event until the end of the event.

You can not rewind or rewatch the stream, and it can only be watched at the scheduled time.

# THE GIN GAME DEALS A HIT

Thanks to Director Stacey Hopkins, *The Gin Game* was a real pleasure to watch. There were about thirty households that tuned in. We don't know if that was two or ten people per household enjoying the show, but those that did watch had lots of good things to say about the performances of Brad Duffy and Pat Sibley.

**Thanks for supporting us by watching one of our streamed productions this season, trying something new and sticking with us through this pandemic and scary time for the future of live performance arts. Your support is the only reason we are still here - 62 years strong.**

## HAVE A PLAY IN MIND THAT YOU WOULD LIKE TO SEE ON THE DRIFTWOOD STAGE?

We are canvassing our patrons to find out what plays they would like to see brought to our stage. I'm feeling nostalgic, so I suggested *Dial M for Murder* and *The Enchanted Cottage*. Tell us your choices at our Facebook page: Driftwood Players. We'll keep track of the suggestions and maybe (when we get "back to normal") you'll see your favorite play at your favorite playhouse. Thanks for your participation.

**Grays Harbor PUD**  
"It's your PUD!"

**Celebrating Clean Energy**

Safety, reliability and affordability are all part of the Grays Harbor PUD's mission to our customers. The power provided by the PUD also fulfills a mission to our environment. The energy flowing from the Columbia and Snake River dams and the turbines of the Columbia generating station does so without emitting harmful carbon pollution into the air we breathe. Washington energy boasts a mix of affordability and cleanliness that is the envy of the entire country and a badge of honor for those who work to provide it to our customers. Add in the reliable, uninterrupted flow of that energy and some of the lowest electricity rates in the country and it's easy to see why Washingtonians can be proud of the grid that powers their homes and businesses.

Over 80 years of responsibility to our customers and our environment is just another way your Grays Harbor PUD works for you.
